DEPARTMENT WILL ATTEMPT TO STOP DRUG SALES

Opium, Morphine and Cocaine Sales Must Be Accounted for by Dealers Who Handle Dangerous Stuff.

Washington, Dec. 13.—As a sup-plement of the laws of the various states, and in an effort further to re-strict the importation, sale and use of opium, cocaine and morphine, the pure food and drug board of the department of agriculture today announced new regulations which soon will become effective.

In an attempt to keep close track of every ounce of these drugs in the United States, every purchaser or re-seller of opium will be required to fill out a declaration, showing the amount and stating the proposed use.

Washington, Dec. 14.—Declaring opium dangerous to health, the pure food board of the department of agriculture today decided that its importation into the United States should be prohibited after January 1, next. The order awaits the signature of the secretary of agriculture before becoming effective.

Members of Royal Family Are Turned Out by Emperor and All Pay Is Stopped by His Order.

Vienna, Dec. 14.—Another romance connected with the imperial house of Hapsburg is contained in the dry official announcement that Emperor Francis Joseph has placed the Archduke Henry Ferdinand, brother of the Princess Louis of Saxony and of Archduke Leopold Salvator, "on leave with the stoppage of all emolu-ments."

Archduke Henry Ferdinand, who is a painter with great distaste for court life and military duties, has been living for some time in Munich. He has desired for a long period to abandon his rank and title in the same way as Archduke John Orth, Archduke Leopold Salvator and more recently Archduke Ferdinand Charles, in order, as is reported, that he might marry a Munich girl belong-ing to a family not of noble rank.

Finding this to be difficult the archduke has taken the easier course of throwing up his military career.

COURT NOTES

Suit was filed today by Silvester Mirabal of San Rafael for the sum of \$1,545, with costs and interest, against Frank A. Stephens and his bondsmen. The ground of suit is the allegation that Stephens failed to complete a contract for the erection of a house at San Rafael for Mr. Mirabal, and that in order to protect himself against mechanics' liens and to complete the house the plaintiff was forced to pay out the sum named.

The court today overruled a de-murrer entered in the suit of E. H. Fisher against Hanson City. This suit is for damages alleged to be due through a fault in the title of a tract bought by the plaintiff from the de-fendant some time ago.

STEEL STOCK IS BOUGHT UP

Stimulus to the Market Was Given but the Effect Did Not Last Long; Highest Figure Since September.

(By Evening Herald A. P. Leased Wire) New York, Dec. 14.—Further heavy buying of United States steel stimu-lated the stock market for a time this morning, although the movement was not of long duration. The steel shares reached the highest figure since Sep-tember. A large part of the buying was attributed to the demand from the short interest which became alarmed at reports of increased prices and heavy orders in the iron and steel trade.

The metal group was strength-ened by the advance in the price of copper by some producers to 14 cents, the highest figure for several years.

Selling pressure increased toward noon the bears operating with some confidence on the ground the standard railroads had not shown propo-sitionality with the outgrowth of strength in the metal issues and the bidding up of steel and copper stocks had been too precipitate. United States Steel fell to 65 3/4. Union Pacific sold a point under yesterday's closing and various other stocks about half a point. Erie stocks were rushed up one to two points and there was a further rise of 1 1/4 in Agricultural Chemical.

Bonds were irregular. Profit-taking sales on the announce-ment that American Agricultural Chemical had been placed on a 4 per cent dividend basis, cancelled most of its advance. The rest of the list was without conspicuous change, speculation being dull and prices be-coming close to the lowest.

A buying movement sprang up in the local stocks. Central Railroad of New Jersey jumped 10 points. Le-high Valley and Reading were active and gained a point each.

The tone of the whole market was better with business showing a marked increase on the recovery. Louisville and Nashville went off 2 1/2 in short order but later made up half of its loss.

The close was steady.

opening was a shade to 1-5/16 low-er. May started at 97 5/8 to 97 3/4, rallied to 97 7/8, then fell to 97 3/4. The close was steady with May at 97 3/4 1/2, a loss of 1/8 net.

Scattered selling made corn easy. May opened unchanged to 1 1/8 higher at 63 3/4 to 63 1/8 and declined to 63 5/8.

Closing figures were easy at 63 3/8 1/2 for May, a decline of 1-1/4 1/8 from last night.

Oats sagged owing to absence of demand. May started unchanged to a shade lower at 49 1/4 1/2, and de-clined to 48 5/8.

Statements that foreign supplies of hogs were larger than expected de-pressed provisions. First sales were 2 1/2 to 7 1/2 down with May \$16.00 for pork; \$9.27 1/2 to \$9.30 for lard, and \$9.50 for ribs.
